Paragraph: Struggles of living abroad

Living abroad might sound like a dream come true for many people but in reality, it's like a nightmare nonetheless. First and foremost, Adjusting to a new environment is often very challenging. They often face language barriers and this is severe. It's very hard and challenging for them to adopt a new language. Research shows that learning another language is frustrating as the learning curve is neverending. (bab.la, 2022, March 23). Secondly, people often face loneliness and depression. One of the main reasons is, outsiders often face racism and discrimination. This is proved by a news article that, migrants especially woman faces abuse and discrimination.(Relifweb, 2019 Mar 10). Additionally, they feel emotionally unstable on numerous occasions. According to a website named babla, People become emotional as they are separated from their families and friends. (Never Say Nether,2018). Therefore, while living overseas may seem like a dream come true for many individuals but it is a nightmare nonetheless.
